Day

Subject: Wishing You A Great Day!

Date: 6/17/01

Hi Dad. I wanted to send you a letter in honor of your special day. I hope you have a super time playing golf with your friends on Sunday. I spoke with Mom earlier this week and she told me that she was planning on making you your favorite dinner on Sunday.

My traveling has slowed down considerably but I am still working pretty crazy hours. No need to worry though because I love what I am doing and everyday I seem to learn something new.

Have a very wonderful Father's Day!

Love,

Kathy
